Dear Sir:

In connection with the above-referenced application, enclosed herewith for filing is:

**SPECIFICATION**

On Monday, January 24, 2011, Applicant called the AAU at (571) 272-4200 (Service Request No. 1-181769939) and briefly spoke with team member Tyrone, before getting transferred to speak with Joshua Chase regarding apparent discrepancy with regard to the Drawings cited in the Office Action as being those filed "7/25/2005", which Applicant believes to be the Drawings filed, in fact, on 7/22/2005. Applicant and Joshua Chase determined, however, that the date of the the most recently filed Drawings is 12/20/2005, and furthermore, that the most recently filed Specification is that filed on 1/26/2009.

Applicant hereby respectfully requests that Applicant's Application be amended to include the following Brief Description of the Drawings referencing FIGS. 55 to 58, which the USPTO has contended are not currently described in the most up-to-date Specification relating to this application:

FIG. 55 is a perspective view of an embodiment holding three card-like items;

FIG. 56 is yet another perspective view of an embodiment for holding card-like items back-to-back;

FIG. 57 is a side view of an embodiment holding card-like items back-to-back;

FIG. 58 is a side view of FIG. 56 for holding card-like items back-to-back;

### CONCLUSION

Applicant respectfully requests the entry of the amendments contained herein, and contends that this Application should now be in condition for issuance.

Date: February 3, 2011

Respectfully submitted,
